

Town Administrator's May Report

I received notice from FEMA that we should receive our reimbursement for Covid related expenses in a few weeks.

I have renewed the SAM's number. This is a number required for Grants. It will also be required for ARPA funds.

Real Estate Taxes were recommitted to me. Once this was done I was able to send out 30 day notices for delinquent 2020 taxes. I sent out 84 notices. 26 accounts have been paid. OJune 17th is the last day to pay to avoid a tax lien.

When I submitted a reimbursement request to Northern Borders, I was told none of our reports had been submitted so we were not eligible for a reimbursement. I was told by Bill Naigle that he had submitted them for us. The people at Northern Borders told me what I needed to send in for reports, once I got those done, I re-submitted the request for reimbursement. The amount requested was \$12,671.10.

Respectfully submitted,

Terri-Lynn Baines
Town Administrator
