Passcode: 418143

The Committee met Thursday, February 9, 2023, at the South Thomaston Town Hall. Here are highlights from this meeting.

The committee held their first meeting of 2023 at the Gilford Butler Center to discuss goals for this year. The goals are listed below.

GOAL 1: To create a Board of Directors for the ST Library/Community Center Auxiliary. We have created a Nominating Committee to work on this project. We will endeavor to achieve our goal by June.

GOAL 2: To complete the design envisioning process and produce a Project Data report. Co-chair of the Facility Committee, Gabe Tomasulo, is a licensed architect. Gabe continues to lead us through the envisioning process with the goal of the Project Data report completed by June.

GOAL 3: To create an Ambassador group of citizens who support a new Library/Community Center for South Thomaston. We want to spread the news of our committee and get public input. Towards that end, the committee proposes several ways to do this: public meetings, house gatherings, flyers, and outreach by all on the committee.

GOAL 4: To prepare a public presentation for the town that gives detailed information about the new building. We will hold public meetings to display our process and answer questions. We look forward to sharing with you and hearing your comments.
