

FRONT of BUILDING VIEW

Front View

- Pavement runoff & drainage
- Plowing VS Storm Drain System
- M-Site treatment
- Heated walkway to eliminate constant snow removal/injuries
- Dated look(front of bldg)
- Does not reflect historic bldg.
- ?Hip roof not good for solar?
- ?Roof line?
- Brick veneer unnecessary cost
- ?what does a new modern facade look. Like?
- Insulation for both old and new bldg(Addition)
- New bldg.and noise factor consideration
- ?Flat roof- is it cost effective?
- ?Cost for maintenance of flat roof?
- Insulate from outside to increase efficiency
- Get a more authentic exterior
- Roof line - Hip Roof - **NO**
- Re-cladding of front bldg. exterior
- Bigger and new windows
- External outside lights for safety
- Solar panels on new Addition
- Waterproof and drain entire basement to the front of bldg.

WISH LIST

- Archery site
- Outdoor studio
- Space with water and drain for paper making, etc.
- LIBRARY can be multi-purposed; reading, research, small group, tutoring, therefore...BIGGER and quiet.
- Expand Library
- I do not want a specific Teen/Tween space neither upstairs nor downstairs.
