## Lower Level

### Please Consider:

- Shelter showers
- Coat Racks
- Existing kitchen on upper level floor plan is too small.

### Exercise Studio

- Add Custodial Closet
- Red dot for this room
- Advantage is can leave exercise equipment in place w/o moving it around.

### Windows

- Make windows **w i d e** and **t a l l** as possible.

### Multi-Purpose Recreation Room

- Needs to be updated for activities. Then would be usable for activities, OTHERWISE we are wasting space.
- Do not like present condition
- Expanding financial opportunity for wedding or social events
- Want the basement to be usable space
- Assign actual designatyed spaces to the lower level other than the kitchen, storage, bathrooms, shower, etc.
- 1 Red dot
- 1 Green dot
- Not exercise/ no showers in basement
- 2 Green dots; waterproof basement and get Egress up to code.
